

Leporello
Living
beautifully hand-crafted English furniture

Welcome to Leporello living

At Leporello we design exquisite painted furniture with a personal touch. In a market dominated by mass production and disposability, discerning customers turn to us for the antidote: top-quality craftsmanship, timeless grace, individual attention and reliability.

We take enormous pride in our designs, which distil classical 18th- and 19th-century central and northern European styles for sophisticated contemporary living. Every piece is hand made by highly skilled craftsmen, mainly from carefully selected hardwoods, and finished by hand. Our small, agile, family-run facility near London is home to time-honoured techniques rarely seen in the UK today.

Leporello is so much more than the sum of its products. While we offer an exclusive collection of designs – including a newly extended dining range and elegant accessories – you should think of us more as a service than a manufacturer. Our variety of beautiful paint finishes is just one aspect of our flexibility. We believe in listening to our clients and creating bespoke solutions to individual requirements, be it adapting proportions to fit an awkward space, matching a colour or hand-painting a unique motif on a footboard.

From a single item to a large-scale contract, our approach is the same. First we take the time to understand your brief and explore the options; only then do we set about bringing the project to life, involving ourselves in every step of the process from your first enquiry until it comes together satisfyingly on the day of delivery.

We hope you are inspired by our new brochure and the world of possibilities it presents for your home.

• *Leporello* dining

Our dining collection comprises three styles of dining furniture – Contemporary, Karelian and Gustavian with tables in different sizes and both pedestal and four-leg options, to suit formal as well as more relaxed occasions. Each elegant range includes serving tables, two- and three-door sideboards and glass and display cabinets, together with a comprehensive selection of arm- and side chairs. There are several hard-wearing decorative paint finishes to choose from, including black lacquer.

Contemporary & Karelian Dine

Contemporary is an elegantly simplified version of our classic Karelian style, but without fluted legs and moulded corners. The dining furniture in particular looks stunning in our polished high lacquer black finish as featured with either antique pewter or antique brass fittings. The style is particularly suited to the contemporary home and can be painted in any one of our paint colours and treatments. Various pieces in paler colours are featured on page 37.

 and
Glass cabinet with two doors (K412)
 Two door version of (K414). Karelian style, hand painted in Misty White with Stone interior and antique brass fittings. See page 42 for specifications.

Gustavian Dine

This classic Swedish style can be carried through to all our dining room furniture, complete with mouldings and carved details of the Rosen, Louis and Ax chairs. Our principal tables have integral ‘garages’ to keep the extension leaves safe when not in use. Cutlery trays can be added to drawers, and metal runners upon request.

Above
Standard dining table (G403)
Gustavian style painted in Birch White. Seats 8 – 10 with two extension leaves, without garage.
See page 42 for specifications.

Painted in Birch White. See page 43 for specifications.

It’s all in the detail...

Corner of a Sideboard showing fluted leg with round foot and hand carved quadrants. See page 42 for specifications.

Trays can be made to suit your own cutlery – particularly those outsize antique designs.

Intermediate legs, stored in the garage, offer additional support to extended tables seating four a side.

Pedestal Dine

Both single four-branch and twin three-branch pedestal tables have integral garages to keep extension leaves safe when not in use. High quality runners ensure easy action and table rim down-stands add substance and style to these tables, equally useful in a conservatory or more formal dining room environment.

Hand painted in New White with optional mahogany inlay.

Leporello Chairs

Leporello’s collection of chair designs includes classic Swedish and French designs as well as our own unique designs to complement the furniture. They are elegant yet sturdy; stylish yet comfortable. The Rosen, Ax, Hoop and Trellis chairs come with drop in seats for informal breakfast and dining rooms. The upholstered Louis and Cane Back chairs are useful in the bedroom and study, together with the Hoop and Trellis chairs, which can also be fully upholstered. All chairs are upholstered in the fabric of your choice.

• *Leporello*
sleeping

Two distinctive ranges — Karelian and Classic, which between them offer five beautiful styles of bed. Whether your preference is for headboards, day beds or four post beds, square legs or round, we can provide the shape, size and finish you require. Co-ordinating chests, wardrobes, armoires, table and chairs help set the relaxing scene, and our lamps, mirrors, cupola and wall shelves are complementary finishing touches.

Karelian Sleep

Karelia is a province of North West Russia famous for its birch forests and furniture industry. We have found some ideas there for our flagship Karelian range. The gracious curves and intricately carved legs make this a truly stunning collection. There are many options to choose from, for example the Armoire with its wire doors is a perfect bathroom storage cupboard, which can also be fabric backed, glazed or panelled and fitted as a wardrobe. The pieces we have shown here are just some of the range. Please come and visit our showroom to view the entire collection.

See page 44 for Karelina bed design options.

This Karelina day bed with its graceful curves and opulent proportions makes an ideal centrepiece, which can be dressed with your favourite cushions and fabrics and is a must for those seeking a stylish bed for overnight visitors.

Wardrobe space is a key element to resolve after choosing your bed. There are many factors to consider – extent of short or long hanging you need, shelving and drawer space, mirrors and shoe rails – most importantly, how to make the most of available space in your bedroom. There is a wide selection of formats, sizes and fit outs to choose from which are shown on pages 48 & 49.

We make all our furniture to order and can easily adjust the width and height of our standard sizes. If you have a Victorian house with high ceilings for example, we can make a wardrobe to suit. Don't worry if you have a narrow stairway, all our wardrobes come in components, which we will assemble for you perfectly.

Opposite page
Karelian armoire (344)
Hand painted in Misty White, with wired doors and antique brass handles. Options as per standard wardrobe.

Classic Sleep

A light and airy character is a speciality to all Leporello furniture. With its classic proportions, finely turned legs and thoughtful detailing this range will add timeless style to your room. A wide choice of elegant bed designs; Johann, Malin and Lucian in varying sizes and styles in any one of our paint treatments makes the Classic range an excellent choice for a principal bedroom or guest room. The furniture can be enhanced with one of our beautiful hand painted designs. Please refer to pages 40-41 to view the collection.

Lucian Sleep

Leporello’s elegant Louis style bed, which can be enhanced with its tall colonial posts is ideal for larger bedrooms and guest rooms. For a more sumptuous feel, the classic double curve headboard can be upholstered which, together with a low foot rail, provides lots of scope to show your beautiful linen, covers and throws.

No prizes for guessing the identity of our Lucian day bed! Our daughter’s brief was clear, ‘Daddy, I would like the most beautiful day bed ever.’ We should listen to our children more often. This design has been a consistent best seller and a cornerstone for both elegant guest bedrooms and childrens’ rooms alike.

Leporello Accessories

The right accessories are fundamental to the overall effect of a room. Those seen here follow many shown in previous pages, the fuller scope and details of which can be seen on pages 50 & 51. Lamps, bed hangings, small furniture, visitor beds and storage boxes have been thoughtfully designed to complement our furniture. The range is constantly evolving – if you need something that is not shown, explain what it is you are looking for and in all probability, we can help.

■ The colour swatches illustrated
are for guidance only – it is difficult
to reproduce the colours exactly,
however, wood samples are
available upon request.

■ Please remember that although
every effort is made to ensure
consistency, due to the nature
of the hand painted finishes,
exact colour matching cannot
be guaranteed, colours may vary
slightly from piece to piece.

Hand Painted Designs

These are just some of our exquisite hand painted designs, which you can have applied to any of the furniture that you have seen in this brochure. Inspired by classical forms of decoration, we have created a unique portfolio of designs, which are hand painted by professional artists and can be applied to Bed Head and Foot boards, Table Tops, Drawer Fronts, Wardrobe Doors and Chair Backs. A simple contrast line design is also available, which works particularly well with the Karelian range. If you like the concept but would prefer something more individual, our creative team would be more than happy to advise or to create a design based on your own ideas.

Bedroom furniture

Dimensions are overall and shown in centimetres. Height of beds and wardrobes includes the finial. Add 8cm for the dome option. Height of chests and bookcases is to the top surface and does not include the upstand. For pictures of items, please turn to the page number referred to under each diagram. Remember, we can make special sizes for almost any of our products if the standard size is not what you need.

Fabric: 1m. See p36.

Long scroll top stool (219)
W:120 D:40 H:59
Fabric: 1.5m. See p28.

Useful Information

Showroom

Our spacious showroom at No 4 Old Char Wharf is open weekdays and weekends by appointment. We are easy to find approximately ten minutes drive from Junction 9 of the M25. Please call direct on 01306 875550 if you wish to make an appointment.

Timber

Frames are made from hand selected hardwoods including beech and poplar. Panels are cut from veneered boards for stability. This combination offers an excellent, strong, smooth and stable base for our multi-layered paint finishes, however, remember that wood is a live material and may react to the effects of excessive temperature, moisture or sunlight.

Construction

Our furniture follows time proved construction methods. All frames are formed with mortice & tenon joints that are well glued and are extremely strong and light. Drawers are assembled with dovetail joints on traditional guides. The hardware has been carefully selected for its aesthetic sympathy, durability and efficiency.

Paint Finishes

Our furniture is painted with non toxic water based paints and sealed with a protective lacquer. Refer to page 40 for our standard colour range, but as colours have an evolving nature, ask to see our latest additions. A special colour and finish service is available and we will give you a quotation based on your specification.

Beds & Mattresses

Single beds come with either Sleigh or Parallel side rails and a sturdy set of pine slats, all other sizes include high quality metal framed beech twin sprung slatted bases.

MATTRESS SIZES:-	
Single	3ft x 6ft 3"
Middle	4ft 6" x 6ft 3"
Great	5ft x 6ft 6"
King	6ft x 6ft 6"
Day bed	2ft 9" x 6ft 3"
Visitor bed	2ft 6" x 5ft 9"

We supply a choice of quality mattresses made by a leading British luxury bed manufacturer, specifically designed for use on frame beds with sprung slatted bases.

Headboards are designed to fit to a divan base, alternatively they can be fixed to a wall. All headboards, except the Johann design may be upholstered.

Visitor beds come as a metal frame (which can be raised to 18") with a sprung slatted base and hand made mattress. These fit under our single beds or alternatively in a Trundle box on castors.

Chairs & Stools

Prices include upholstery in customer's choice of fabric but not the cost of the fabric. All upholstery fabrics must comply with the current fire retardancy regulations. Barrier /back coating and stain repellent treatments are available at an additional cost if required. We are happy to order fabric on your behalf.

Measurements

All dimensions are approximate and in centimetres. Every effort has been made to reproduce Leporello's range accurately, however due to the nature of production, the furniture may vary slightly in small details. We reserve the right to modify our designs without notification.

Bespoke Service

For advice or to discuss a special project, please call our in house designers on 01483 284109.

How to Order

Please call our sales line on 01483 284109 to discuss or place an order.

Payment Terms

We require a 50% non returnable deposit cheque made payable to Leporello with your written order. 70% deposit payment is required with bespoke pieces. The balance falls due 7 days prior to delivery. Full details of our full terms of business are provided with the price list.

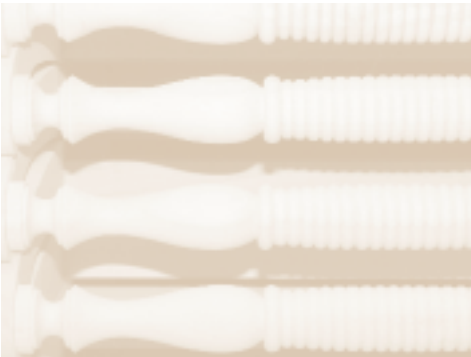

Delivery

Standard items can normally be prepared within six to eight weeks. For larger items and hand finishes please allow eight to ten weeks. Goods can either be collected or a home delivery service arranged – quote upon request.

Home Deliveries

We take great care of your furniture when we deliver to you. We want you to be delighted with all aspects of our service.

Most items arrive in cardboard boxes. Wardrobes come in parts for ease of access. We can assemble these for you in about an hour. Bed frames come as Headboard, Footboard, Side rails and Slatted base frames. These take about half an hour to assemble. Allow additional time if parking or access to your home is restricted or your room is on the fifth floor! Tell us about any obstructions and please make sure your room is clear. Delivery charges can be kept to a minimum if we can send one man.
